CARING FOR YOUR NEW STUDIO FULL ACCESS CABINET PRODUCTS

Congratulations! We know you have a choice in selecting kitchen cabinetry and appreciate your interest in our brand. With proper care, your Studio Full Access products will deliver years of beauty, enjoyment, and convenience.

This Studio Full Access Care Guide will assist you in choosing the correct products to protect your cabinets from normal wear and to repair any imperfections if they should occur.

- Clean cabinets as needed using a lint-free cloth dampened with warm water. Dry well.
- Wipe up spills, splatters and water spots as they occur, keeping cabinets and countertop surfaces dry.
- Give special attention to areas near the sink and dishwasher that come in contact with moisture.

CLEANING PRODUCTS TO AVOID

- **Do not** use abrasive cleaners, scouring pads, or powdered cleaners. These materials may penetrate the cabinet finish allowing moisture to enter and cause deterioration. Do not use harsh chemicals such as ammonia and bleach.
- **Do not** use solvent- or petroleum-based products such as nail polish removers or paint thinners.
- **Do not** wax your cabinets. Over time, wax may build up and cause a discolored appearance.
- **Do not** use pre-moistened dusting sheets or aerosol products specified for dusting.

REMEDIES FOR COMMON KITCHEN ACCIDENTS

Most problems can be prevented by wiping up any spills as soon as they occur. Follow these first aid suggestions for common household accidents. When removing a spot begin at the outer edge and work toward the middle to prevent the spot from spreading.

Food Spots/Water Spots

Clean cabinets as needed with a mild detergent or with soap and water (use sparingly) and dry well using a lint free cloth for both washing and drying.

Greasy Spots

Rub grease, lipstick, crayon, or oil with a damp cloth.

Chewing Gum/Candle Wax

Apply a plastic bag filled with ice on top of the deposit until it is brittle enough to crumble off.

Minor Scratches, Nicks, and Dents

Studio Full Access offers a **Cabinetry Care Kit** to help you keep your cabinet products looking like new. Most scratches, nicks, and dents can be repaired using this kit. The Cabinetry Care Kit includes (1) a touch-up marker to re-stain small scratches and (2) a putty stick to fill nail holes, minor nicks, and dents.

Both of these items can be ordered through the Studio Full Access customer service department.

LIMITED 1-YEAR WARRANTY

For cabinetry purchased on or after April 1, 2016.

ACProducts, Inc. (ACPI) warrants to the original consumer purchaser that our Studio Full Access Cabinets will be free from defects in material and workmanship under normal use for a period of one (1) year from the date of purchase (except where required by law to be two (2) years) or as per written agreement. This warranty is extended to the original purchasing consumer only for use of the product within the United States and is not transferrable. No changes or modifications can be made to this warranty except by an officer of ACProducts, Inc.

WARRANTY COVERAGE

Limited 1-Year Warranty on Cabinets (except where required by law to be two (2) years) to the original purchasing consumer from date of original purchase or as per written agreement that the cabinets will be free from defects in material and workmanship under normal use.

WARRANTY LIMITATIONS AND EXCLUSIONS

- This Warranty does not apply to (i) damage caused by improper installation, (ii) other product used or installed in connection with the cabinets including, but not limited to, appliances, countertops, or plumbing fixtures (including the costs to remove and reinstall such other product), (iii) product damage, loss, or theft either after delivery for material only jobs or after installation for installed jobs, or (iv) damage caused by misuse, abuse, neglect, accident, alteration, improper use, exposure to moisture or extreme temperatures, failure to maintain, acts of God, or normal wear and tear.
- Naturally occurring wood characteristics including, but not limited to, variations in color, grain pattern, mineral streaks and knots are not considered defects. Color variations may also be affected by age, character of cabinets, and exposure to UV light, sunlight, smoke, household cleaners, and other environmental conditions. As such, new and/or replacement cabinets may not match display samples and/or existing cabinets. Any such variations and changes to Studio Full Access Cabinet products, whether present during production or which develop over time, are not considered quality defects and are not covered by this warranty.
- Painted finishes have unique characteristics that differ from standard wood finishes. Wood of all species is subject to the humidity and temperature of its environment and may expand or contract due to changes in weather, temperature, or climate. Due to these normal shifts in the environment, painted wood cabinetry may develop hairline cracks, peeling, or separation of seam lines. On select hardwoods and veneers, joints, seams, and some natural characteristics of the wood (including, but not limited to, grain patterns, knots, and mineral streaks) will remain visible through painted finishes. As painted cabinet products age, the finish may mellow or discolor slightly. The degree of change to the original finish color is affected by the products' exposure to natural and artificial light. These normal variations are not considered quality defects and are not covered by this warranty.

WARRANTY PERFORMANCE

In the event of a manufacturing defect within the terms and conditions set forth herein, ACPI will repair or replace the product, at ACPI's sole option, without charge. Such repair or replacement is contingent upon the current product offerings within the ACPI product line at the time of the warranty claim. If the affected product is no longer available, ACPI reserves the right to (i) replace the affected component with a new component of the same style, or (ii) replace the affected component and any other component within the total product to achieve a uniform appearance with a similar and comparable product style and quality as the original product. Due to changes that occur during the wood's natural aging process, ACPI cannot guarantee that replacements will exactly match the finish and appearance of the remaining components in the original product. ACPI will not provide or pay for the cost of (i) removal of defective product, (ii) transportation of defective, repaired, or replaced product, or (iii) installation of repaired or replaced product. Repaired or replaced product shall be warranted for a period equal to the remainder of the original Limited Warranty on the original product or for ninety days, whichever is longer.

WARRANTY DISCLAIMER

THIS LIMITED WARRANTY SETS OUT THE FULL EXTENT OF ACPI'S RESPONSIBILITIES, AND THE EXCLUSIVE REMEDY REGARDING THE PRODUCTS. ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY. IN NO EVENT SHALL ACPI BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT OR FOR, WITHOUT LIMITATION, COMMERCIAL LOSS OF ANY SORT; LOSS OF USE, TIME, DATA, REPUTATION, OPPORTUNITY, GOODWILL, PROFITS OR SAVINGS; INCONVENIENCE; INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES; OR DAMAGES ARISING FROM THE USE OR INABILITY TO USE THE PRODUCT. SOME STATES AND JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, OR THE DISCLAIMER OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS AND DISCLAIMERS MAY NOT APPLY TO YOU. All disputes with ACPI arising in any way from this Limited Warranty or the sale, condition or performance of the Products shall be resolved exclusively through final and binding arbitration, and not by a court or jury.

SEVERABILITY

If any portion of this Limited Warranty is held to be illegal or unenforceable, such partial illegality or unenforceability shall not affect the enforceability of the remainder of the Limited Warranty.

CLAIMS

All claims must be submitted in writing and must specify the defects present in the cabinets and accessories. To initiate a claim for defective cabinets and accessories contact your builder, dealer, distributor or contractor who installed and sold the product.

If that party is unknown or you have difficulty obtaining assistance, contact:

ACProducts, Inc., Customer Service Dept., 3551 Plano Parkway, Suite 200, The Colony, Texas 75056

After ACPI has had an opportunity to inspect the cabinets and accessories, they will, at their discretion either replace defective cabinets and accessories or repair any defects in the cabinets and accessories.

For warranty information on cabinetry purchased between November 1, 2012 and March 31, 2016, please visit www.studiofullaccess.com/warranties.

FLOATING VANITY CABINET INSTALLATION INSTRUCTIONS

- Floating vanities have a weight limit of 300 lbs. (including countertops) when installed properly
- **DO NOT STAND ON THEM**
- Floating vanities should be anchored to the wall studs using a minimum of four (4) #10x3" Truss head cabinet mounting screws, with (minimum) one screw anchored no more than 6" from each end panel, and the remaining screws installed at equal intervals in between
- Floating vanities should also be supported underneath by a securely installed leg, cleat, or heavy-duty floating vanity bracket
- Wall blocking is strongly recommended to increase weight bearing capacity of the cabinet installation
- Floating vanities come with solid tops to increase stability and strength; solid tops should not be altered other than to remove the minimum amount needed to install a sink on EFVS___ cabinets

The logo for Studio Full Access Cabinet Series features the words "studio", "full", and "access" stacked vertically in a bold, lowercase sans-serif font. "studio" and "full" are white, while "access" is black. A white square frame partially encloses the text. Below "access" is the text "CABINET SERIES" in a smaller, all-caps sans-serif font.
